"Southview" Self Contained Ground Floor Annexe

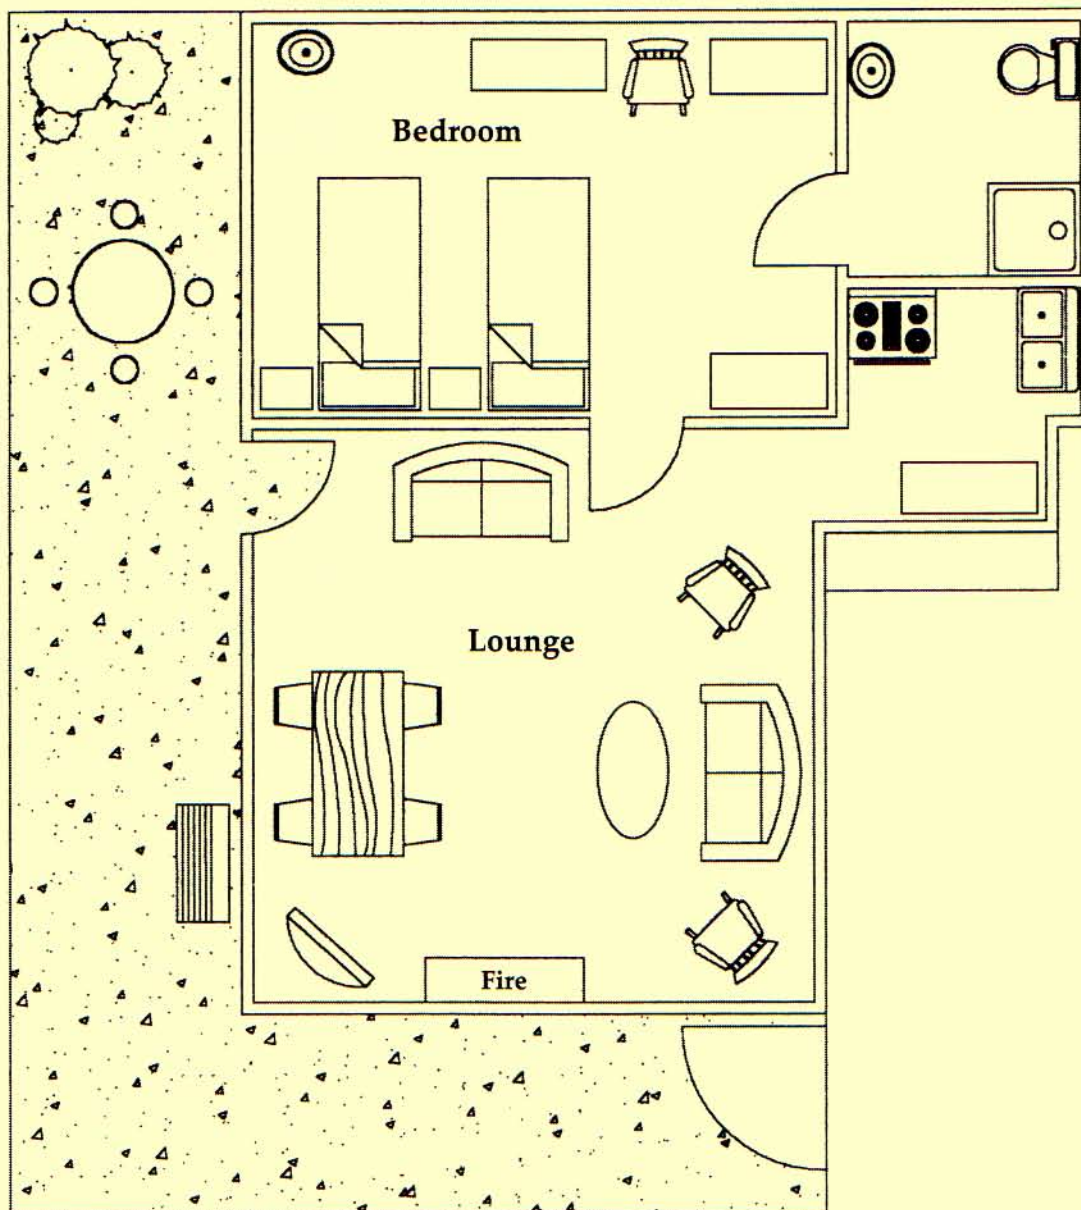

The former Salting and Curing Rooms

Accommodates four people plus baby.

Converted to retain the advantages of being compact and all on ground floor level, "Southview" features a lovely Ham stone fireplace and mantel. Parking is beside "Southview".

You are greeted by your own sheltered south-facing cobbled and fenced patio and step through the front door into the **Lounge** with **Dining Area**. The 4ft bed settee means that four people can be easily accommodated. The fully fitted **Galley Kitchen** with microwave adjoins the Lounge. The well appointed **Bedroom** has two full size single beds and hand basin and leads into the **Shower Room**.
